

A Leader in Salesforce Talent Management Solutions

HESFP, LLC is a Summit-level Salesforce partner specializing in Salesforce solutions for U.S. government and state/local clients with key expertise in talent management solutions.

Capabilities

As a leader in the Salesforce partner ecosystem, HESFP provides expert development and implementation support services to modernize and improve processes and efficiency.

We have completed over **110 Salesforce implementation projects** over the last six years for public sector customers, and have an expertise in building Salesforce-based solutions for human capital management, applicant tracking, case management, and more.

Why Choose Us

Full End-to-End Implementation Support

Including business analysis, hands on development, DevOps, testing, training, sustainment, and change management.

Rapid Proof of Concept and MVP Development

Focus on “clicks not code” to configure solutions quickly for easy long term maintenance and to enable receipt of real-time feedback.

Innovative Solution Delivery in the Public Sector

From enterprise-level recruiting systems, to student information systems, student management database tools, and more.
